NATLASS Team,

The previous four months has been an honor working with you. I came to Afghanistan to accomplish a mission—one that has a serious impact on saving not only American lives, but citizens of other countries as well. Fortunately, my missions was a success—one that could not have been done without your team.

The impressive skill, teamwork, and dedication shown by all of the NATLASS team was beyond what I imagined I would experience at Kandahar. You truly represent your motto of "Let's do it!"

Not only would I like to thank you professionally for your hard work, but I personally thank you for the learning experience and enjoyment I have had during this project. I wish your company well, and I hope that our organizations will work together again in the future.

JOHN C. FUSON, 1Lt, USAF
CJSOAC J7 Deputy, Afghanistan
